Notice of Appeal From the Examiner to the Board of Appeal and Interferences
Submitted in
Response to Office Action dated 07/11/2006 (Final Rejection)

Dear Sir:

In response to the above-identified final rejection of my patent application claims 25-27, may I kindly submit the following response:

- 1- By submitting a Notice of Appeal From the Examiner to the Board of Appeal and Interferences [Form: PTO/SB/31 (07-06)].
- 2- Payment by Credit Card. Form PTO-2038 is attached.
- 3- Objection to the Examiner decision by submitting further evidence from medical textbooks clarifying the point of dispute with the examiner; in relation to the definition of asthma and asthmatic bronchitis, and differentiating them as unrelated separate medical entities, thus rendering my claims in the use of glycoposphopeptical in the treatment of asthma patentable and valid.
- 4- Amendment of claim 25, currently reads as "25. (New) A pharmaceutical composition consisting essentially of glycoposphopeptical for oral administration for the treatment of allergy and asthma in dosage and duration which is effective to....etc"; may I kindly request separation of the use of glycoposphopeptical in the treatment of allergy from its use in the treatment of asthma. Discussion of the use in the treatment of allergy are part of the response to Office Action dated

Detailed response will follow.

Thank you for considering my appeal.

Best regards
